Price announcement for Fairtrade Coffee

Dear Fairtrade partners,

We are pleased to announce the new Fairtrade Coffee Prices. The decisions on the new price values were taken by the Standards Committee in its 123 meeting on 15 July 2026. The new prices are the result of a project which began in Q2 2025, with a public consultation, gathering inputs from more than 600 stakeholders, representing Fairtrade certified coffee SPOs and Fairtrade certified coffee traders, as well as Fairtrade member organizations. We would like to take the opportunity to thank again all those who contributed during the project.

The changes include revised Fairtrade minimum prices for Arabica and Robusta coffee. For details of the decisions, please refer to the Standards Committee meeting minutes, which will be available on our [webpage](#) once they have been approved (expected around 10 August).

Product	Quality	Form	Price level	Unit	Fairtrade Minimum Price	Fairtrade Premium	Valid from

Robusta	Organic	Washed	FOB	USD/Pound	Organic differential +0.40	0.20	01/12/2026

The new Fairtrade Prices are presented in the table above. The Fairtrade Premium is paid in addition to the Fairtrade Minimum Price or market price, whichever is higher. Fairtrade organic differential is calculated by adding this extra value on top of the Fairtrade Minimum Price for conventional coffee or market reference price, whichever is higher. The Fairtrade Prices are also available on our webpage under: <http://www.fairtrade.net/price-and-premium-info.html>.

Please note, for all types of contracts (including fixed price contracts and price-to-be-fixed contracts) signed on or after 1 December 2026, the new Fairtrade prices must be respected. For price-to-be-fixed contracts signed before 1 December 2026 but where the price fixation date is on or after 1 December 2026, the current Fairtrade prices apply.

Visit the [project webpage](#) to access the document containing the answers to frequently asked questions, the coffee price review brief, and the press release providing details of the process and the new Fairtrade coffee prices.
