

Slide 1: Welcome

- Hello everyone!
- My name is [your name], and I'm really excited to be here with you today.
- Today we're going to explore Fairtrade and how it supports the amazing people who grow our food, like bananas, chocolate, and tea, with fairness and respect.

What is Fairtrade?

- Fairtrade means being fair to farmers and workers.
- Fairtrade makes sure they earn a fair price for the things they grow.
- With the extra money, they can build schools, improve their villages, or take care of their families.
- When you see the Fairtrade mark on something, it means the people who made it were treated fairly and kindly.

Slide 2: What Fairtrade product am I?

Slide 3: Quiz – What am I? (Banana)

- Let's play a guessing game!
- I grow in hot places. I'm yellow and bendy. What am I?
- (Let children guess: Banana!)

Slide 4: Quiz – What am I? (Chocolate)

- Here's another one!
- I'm sweet and brown. I come from the rainforest. What am I?
- (Let children guess: Chocolate!)

Slide 5: Quiz – What am I? (Tea)

- Last one!
- People drink me hot or cold. I can be black or green. What am I?
- (Let children guess: Tea!)

Slide 6, Linner's story

- This is Linner. She is a farmer in Kenya.

Slide 7 Linner picking tea

- Linner is a Fairtrade tea farmer, in this photo you can see her picking tea leaves in her farm.

Slide 8 Linner's cows

- Thanks to Fairtrade, Linner was able to buy cows and send her children to school.
- She is happy because being a Fairtrade farmer has made her life better.

Slide 9 - What can you do?**Slide 10 – Choose Fairtrade**

- Next time you go shopping, look for the Fairtrade mark!
- You can also ensure farmers and their families are treated fairly and kindly by choosing Fairtrade.
